

# Let Mutual of America help supply your class!

**Our school supply initiative can equip you and your students for Head Start teaching and learning.**

At Mutual of America, we know the importance of giving beginning learners every advantage. That's why we've launched a special initiative, exclusively for Community Action Agencies, to help their Head Start programs get the supplies they need. Put together your wish list, and let's see what we can make happen for you and your students.

**There's absolutely no cost and no obligation.** Helping you get the supplies you need is just one more way Mutual of America is committed to listening, learning and working to serve the members of the Community Action Partnership.
